1 SLIDE OUTS

- » Best in class slide height and depth
- » Flush floor slide with linoleum
- » Accu-Slide cable system with four points of compression
- » Laminate components plus 3M flashing tape along corners to prevent leaks

2 DOORS & LOCKS

- » Oversize entrance door with large window, built-in screen doors, and integrated window shades
- » Double-insulated passage and storage doors with slam latches on secure and convenient key-alike system

3 ROOF

- » Double batten insulation layered with radiant foil
- » Screw-mounted plywood decking topped with premium quality PVC
- » No treatment required! Will not chalk or spot
- » Heat reflecting properties keep coach cooler in the summer

4 FLOORS

- » Double-welded framed floors
- » Insulated with rigid foam wrapped in radiant foil, anti-puncture moisture barrier woven underbelly material, and strengthened with an overlapping double layer of laminate
- » Insulated garage door

5 SIDEWALLS

- » Lightweight, double-welded aluminum walls
- » Slide roof frames laminated with rigid foam insulation

6 MAIN BODY

- » Built with 12" steel I-beams
- » 6,000lb. and 7,000lb. axles
- » Aluminum wheels with nitrogen-filled tires

7 INDUSTRY-LEADING HEATING SYSTEM

Oversize 4-inch heat ducts run from the furnace down to the fully enclosed underbelly and wrap around the tanks suspended between the chassis I-beams. Holding tanks are warmed by the forced air heat which prevents freeze-ups.

A return at the end of the tank connecting back into the coach provides the necessary air flow.

We stand behind our products. At Highland Ridge RV, we are one of the few manufacturers that have a 3-Year Limited Structural Warranty.

**MORE ROOM
LESS WEIGHT**

This is our mission at Highland Ridge RV. It drives us to innovate and revolutionize the RV industry and it's why our products are 10 - 15% lighter than the competition.

Our Pet Friendly units offer linoleum throughout the main living areas, and no floor registers.

**ZERO DEGREE
TESTED**

We put our products into a zero degree chamber for five hours with thermometers placed in key areas throughout the unit. The results speak for themselves.
